PROFILE

Passionate Computer Science student specializing in networking technologies and network security. CCNA certified and currently pursuing CCNP Enterprise studies, with hands-on experience in configuring VLANs, OSPF, ACLs, NAT, and network security features using Cisco Packet Tracer. Eager to join a summer internship program where I can contribute, learn from industry professionals, and enhance my practical networking expertise.

EDUCATION

Faculty of Computers Sience and Artificial Intelligence | Benha University 2024 – 2028 | Benha
Student

LANGUAGES

English | Arabic

CERTIFICATES

CCNA | NTI Training program (https://eu.docworkspace.com/d/sbOaaePgNMratJcy_nwtajk96vwhi30pyf4?sa=601.1037)

PROJECTS

Enterprise Network labs

- Configured VLANs and Inter-VLAN Routing.
- Implemented OSPF Routing.
- Configured ACLs and NAT/PAT.
- Applied Port Security and DHCP Snooping.

TECHNICAL SKILLS

Networking :
TCP/IP,OSI model, IPv4, IPv6, Subnetting, VLANs, Trunking, Inter-VLAN Routing, STP, EtherChannel, OSPF, EIGRP, ACLs, NAT/PAT, DHCP, HSRP

Security:
Port Security, DHCP Snooping, SSH, ACLs, Basic Network Hardening

Tools:
Cisco Packet Tracer, GNS3

Programming languages:
C++ ,JavaScript
